

LUBRICANTS – Automotive A/C Leak Detection Dyes

TRACERLINE® POE-Based A/C Dye Complete UV Leak Detection Kit for Electric Vehicles

EV A/C dye engineered for new EV technology and system designs. High dielectric qualities protect all EV system components, including electrically driven compressors.

- EV A/C dye engineered for new EV and hybrid technology and system designs
- Compatible with R-134a and R-1234yf Systems

Kit Includes:

- 3 Single-Dose Mini-EZ™ Dye Cartridges (1639088)
- OPTI-PRO UV Flashlight
- EZ-Ject™ Dye Injector Assembly
- Solid-Brass Swivel-Type R-134a Coupler with Check Valve and Purge Fitting
- R-1234yf Adapter
- GLO-AWAY™ Plus Fluorescent Dye Cleaner (2 oz.) Spray Bottle
- Fluorescence-Enhancing Glasses

Container Type	Item No.	Pkg. Qty.
Kit	1639089	1

WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov.

TRACERLINE® POE-Based A/C Dye MINI-EZ™ Injection Kit for Electric Vehicles

Fast and economical way to add leak detection dye to an electric vehicle's A/C system. High dielectric qualities protect all EV system components, including electrically driven compressors.

- Engineered specifically for new EV and hybrid A/C compressor oil systems
- Compatible with R-134a and R-1234yf systems
- Use with LeakFinder® LED Flashlight and Glasses (1635394)

Kit Includes:

- 3 Single-Dose Mini-EZ™ Dye Cartridges (1639088)
- EZ-Ject™ Dye Injector Assembly
- Solid-Brass Swivel-Type R-134a Coupler with Check Valve and Purge Fitting
- R-1234yf Adapter

Container Type	Item No.	Pkg. Qty.
Kit	1639087	1

WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov.

LUBRICANTS – Automotive A/C Leak Detection Dyes

TRACERLINE® POE-Based A/C Dye MINI-EZ™ Cartridges for Electric Vehicles

Specialized cartridges for single dose. High-quality, concentrated dye fluoresces easily and does not alter the properties of the compressor oil. High dielectric qualities protect all EV system components, including electrically driven compressors.

- Designed for use with MINI-EZ™ Injection Kit (1639087) and POE-Based A/C Dye Complete UV Leak Detection Kit (1639089)
- EV A/C dye engineered for new EV and hybrid technology and system designs
- Compatible with R-134a and R-1234yf systems
- Services up to 3 vehicles
- Use with LeakFinder® LED Flashlight and Glasses (1635394)

Container Type	Size (Fl. Oz.)	Quantity Per Pkg.	Item No.	Pkg. Qty.
Cartridge	0.25	3	1639088	1

TRACERLINE® POE-Based A/C Oil + UV Dye **NEW** for Electric Vehicles

EV A/C dye engineered for new EV technology and system designs. High dielectric qualities protect all EV system components, including electrically driven compressors. For replenishing A/C compressor oil. Perfect for preventative maintenance.

- Engineered specifically for new EV and hybrid A/C compressor oil systems
- Simple pour, easy to use
- Compatible with R-134a and R-1234yf systems
- Use with LeakFinder® LED Flashlight and Glasses (1635394)

Container Type	Size (Fl. Oz.)	Item No.	Pkg. Qty.
Pouch	5	1639086	1
