

Cyclops 2.0 Worklight

Contains high efficiency, COB LED lights with up to 1000 lumens in brightness. With powerful magnets, flush mount hooks, and a 1/4" threaded port, there are many ways to position this item for any job at hand.

- USB-C rechargeable lithium-ion battery
- Lamp can be 90° rotated for multi-angle illumination
- Glow-in-the-dark fluorescent reflector makes the lamp easy to locate in the dark
- Flush mounted hook at the back can be rotated for hanging
- HBS (Human Body Sensor) function can be turned on to conserve power when the user is not near the item.
- IP54 dust and water-resistant, drop impact-resistant
- Separate flexible stand contains a 1/4"-20 thread attachment and high-powered magnetic base.
