

LUBRICANTS – Automotive A/C Leak Detection Dyes

LEAKFINDER®

Universal Leak Detection Dyes for A/C Systems

Ultraviolet fluorescent universal dyes provide the most precise leak detection for all automotive air conditioning systems containing R-1234yf, R-134a, R-12 and other widely used refrigerants. These specialty dyes can be safely added to the system. They won't affect your system's lubricant properties or change how the equipment works. Dyes find the smallest and most problematic leaks that would otherwise be impossible to detect.

- Compatible with R-1234yf, R-134a, R-12 and other refrigerants
- Fluoresces green
- Use with LeakFinder® LED Flashlight with Glasses (1635394)
- One bottle services 1 vehicle (1635385)
- One bottle services up to 4 vehicles (1635386)
- One bottle services up to 32 vehicles (1635387)
- One bottle services up to 4 vehicles (1639091)

Container Type	Size (Fl. Oz.)	Item No.	Pkg. Qty.	Service	Leak Repair
	1/4	1635385	12	Service	Leak Repair
Bottle	1	1635386	6		
	8	1635387	1		
Cartridge	8	1639091	1		

NOTE: Not for use in EV or hybrid vehicles with electrically driven A/C compressors.

LEAKFINDER®

BigEZ™ Universal A/C Leak Detection Kit

- The most effective way to add A/C dye to R-134a/R-1234yf/PAG A/C systems
- Ideal for high-volume shops
- Universal/ester dye for all refrigerant system types
- Services up to 64 A/C systems

Kit Includes:

- Caulking Gun-Style Dye Injector Assembly
- R-134a Hose/Coupler and Purge Fitting
- LeakFinder® Cordless Violet Light LED Flashlight and Glasses (1635394)
- BigEZ™ universal multi-dose A/C dye (8 oz.) cartridge (1639091)

Container Type	Item No.	Pkg. Qty.	Service	Leak Repair
Kit	1639090	1	Service	Leak Repair

WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov.

NOTE: R-1234YF Systems Require LF60CS Adapter (sold separately - 1635395)
Not for use in EV or hybrid vehicles with electrically driven A/C compressors.

LEAK-FINDER®

AC Leak Sealant Single-Use Syringe Injector

Fix hard-to-find leaks and extend the service life of the A/C system. The powerful non-hardening sealant formula prevents new leaks from developing and provides ongoing sealing protection.

- Permanently seals leaks in accumulator, receivers, evaporators, condensers, o-rings, and hoses
- Compatible with all popular refrigerants, including R-1234yf
- Dual-adapter can connect to either R-134a or R-1234yf systems
- Safely remains in A/C systems - does not affect refrigerant RRR equipment
- Compatible with EV/hybrid vehicles
- Services 1 vehicle
